CRISIS. ALLIES FACE BIG

Mobilise or Get Out.

FORCE NECESSARY. DISPLAY OF

(Reuter's Service.)

London, November 13. A message from Constantinople dated November 10 says the situation seems summed up in the words of a most competent authority as follows: "We must mobilise, or get out."

It is everywhere felt that the past discussions were mere tall and all wasted. The Allies have been stultifying themselves. It is argued they must either take strong action, fully mindful of the possible grave consequences, or else withdraw; otherwise incident will follow incident and crisis succeed crisis until the cup of

their humiliation has been filled. The Turks are no longer reasonable. It is believed they can be convinced only by a display of force. They are indeed at present determined to tread continually on the Allies' come in an endeavour Benter. to make the position of the latter here impossible.

A Dangerous Postponement. Paris, November 13. Interviewed by the Mater en route to Lausanne, Ismet Pasha THE FUKIEN TROUBLE. declared that the postponement of the Conference was dangerous, for it was not easy to maintain the whole people and the whole army in

No definite arrangements have been reached for any personal preliminary inter-Allied consultation, but the British opine that the the suggestion and the matter fulles: exchange of views will be necessary in order to avoid a further was postponed until the next postponement of the opening of the Conference.

Martial Law Not Favoured. Rome, November 13. A message from Constantinople says the proposal to proclaim martial law was strongly opposed at the conference of Allied Generals on the ground that it would compel the Allies to take over all

the public services, and thus risk more serious incidents. The High Commissioners have telegraphed to their Governments asking for instructions, but not favouring martial law, which would entail the despatch of large reinforcements.

The Allies have also considered the suggestion to provide the Honan, has been captured Sultan with an Allied guard, but hitherto nothing has been decided, i bandits. Allied Unity Not Threatened.

London, November 13. It is authoritatively stated that the allegation of a Franco-British controversy with regard to the Near East is unfounded. It is pointed out that events in the past three months have tend- [ed very much to strengthen Allied unity: for example the Kemälist desecration of the French cemetery at Smyrna and destruction of French property in Asia Minor, besides Angora's demand for a re-

vision of the Syman frontier. Present French Attitude.

Paris, Movember 13. It is sent to officially stated that M. Poincare is prepared to meet Lord Curson and Signor Mussolini at Lausanne or elsewhere, and is all the more willing because, it is believed in Paris, the Allies have already agreed to the terms of a new peace treaty with Turkey.

As regards the alleged delay in authorising General Pelle to associate himself with a possible proclamation of martial law, it is stated that the French Government telegraphed authorisation, on November 7, but the telegram only arrived at Constantinople on the

evening of November 9, awing to cable interruption. Martial law was not proclaimed because Generals Harington, the State of Washington, respectively. Charpy and Mombelli were opposed thereto.

EX-PREMIER'S WELSH TOUR.

London, November 13. Mr. Bonar Law has arrived at Glasgow, looking very ill. Mr. Lloyd George continued his tour in Wales to-cay, speaking at Pen-y-Groes, Carnarvon, Colwyn Bay, Rhyl, and other places. Referring to the Liberal opposition to the National Liberal candidate in West Denbigh, the ex-Premier said that thirty-five National Liberals all over the country were being similarly attacked. This miserable vendetta would merely result in a loss of the progrees-

sive seats to the reactionaries. Election Results Due on Thursday.

London, November 13. The definite result of the elections is not expected to be known until the afternoon or evening of the 16th instant. Only the results of some of the 250 Boroughs are being announced on Wednesday night. The counting in the other boroughs and county conpouring in unceasingly throughout the afternoon. GERMANY AND REPARATIONS.

Fresh Proposals to be Made.

Berlin, November 13. It is reported that the German Cabinet has decided to make fresh proposals to the Reparations Commission, based on the readiness of the Raichsbank to participate to the extent of several million gold marks in an international loan for the purpose of stabilising the mark.

It is stated that the Reichsbank has offered to advance 500 million gold marks, provided an equal amount is forthcoming from per cent. abroad, and subject to the conditions laid down by foreign experts in the report mentioned on the 8th, instant.

[The experts aimed at the stabilisation of the mark on a dollar basis of from 3,000 to 3,500 marks, with the help of the Reichsbank gold reserve and by freeing Germany, at least for two years, from all reparation payments in cash and in kind.]

EARTHQUAKE IN CHILL.

Santiago, Nov. 13. It was the earthquake and tidal wave combined that effected such terrible destruction. The movement of the latter is described as indicating terrific disturbance in the ocean bed, causing a

great rent through which immense quantities of water were sucked in. This culminated in a tremendous recession. The ocean several times swept outward and then returned in the shape of great tidal waves, flooding the seaports and in some cases demolishing the waterfronts and wrecking or driving vessels ashore, leaving them high and dry. The President has ordered that immediate relief measures be taken.

Santiago, Nov. 13. Partial resumption of communications reveals the fact that the earthquake was greater than at first reported. It is

estimated that at least a thousand were killed and drowned, and thousands are homeless and destitute.

In addition to the heavy casualties at Copiapo and Coquimbo it is reported that five hundred are dead in the Vallenar district. Vallenar was practically destroyed. It seems certain that casualties must have resulted in towns further south, which news is not yet available. Tidal waves were experienced over twelve hundred miles, from Antofagasta to Validivia,

Reuter's correspondent at Ocquimbo, which was the centre July he wrote to the debtor asking of the earthquake, describes the panic of the residents. Awakened im to pay \$3,500 cash within 45 at midnight by violent shocks and thunderstorm, they fied terrorstricken to the hills. The sea receded three hundred yards and returned in the shape of a wave sixty yards high stretching from Coquimbo to Serena, wrecking havor in the streets on the seafront and throwing forty-ton lighters beyond the railway bridge.

Santiago, Nov. 13. Three hundred deaths are reported in connection with the earthquake at Vallenar, south-west of Copiapo.

Apart from the abolition of the supertax on cereals, the tariffs mentioned on 7th inst., are being maintained. In effect, Rafet has obtained more than the Turks could have hoped to obtain at Lausanne.

A disquieting factor is the failure to reach a compromise regarding Allied control of the gendarmerie, whose numbers are an increasing menace to the safety of the Allied Army. Belgrade, Nov. 13.

The National Assembly in secret session voted an armament credit of 800,000,000 million dinars. A semi-official announcement states that armaments are a normal necessity. It is purely accidental that the vote coincides with the Near East complications. The exchange rate of the dinar in London at present is 270 to the

BOXING AT V. R. C.

Presentation of Prizes.

In the lounge of the V.R.C., last evening, the prizes were presented to those who took part in the Boxing Tournament last Friday night. Both winner and loser received a handsome silver trophy, supplied by Messrs, Wing Nam & Co., who have generously offered to inscribe the winner's name free of charge.

. Hopes For the Future.

Mr. W. Logan, who presented the trushies to the contestants, in a short address thanked those who had taken part. He said that the Tournament last Friday was only the second of the kind that had been held under the auspices of the V.R.C. However, he was glad to say that he had heard nothing but the most favourable comment from members of the audience at the programme provided and he felt confident that he was voicing the feeling of those present when he said that no one could wish to see cleaner or more genuine scrapping than had been provided hast Friday. Mr. Logan congratulated all the men who had taken part the willingness they had shown to "mix it" and give the public real value for their money. The public had shown, by their attendance and complimentary comment, that they were keen on such, contests and he felt confident that last Friday's Tournament was the fore-runner of similar affairs. Mr. Logan's remarks were received) with well-merited applause.
